COMMUNICATION

Sir:

The subject application has been allowed, but is currently delayed in issuance due to a Query Rush. To facilitate completion of the Query Rush and in accordance with a request from Examiner Fredman, attached is a duplicate copy of the executed Declaration and Power of Attorney, as well as a legible copy of the Forms PTO-1449, which were submitted to the Patent Office on November 20, 2001 (a duplicate copy was submitted on May 7, 2004 with an Amendment). I note that the Forms PTO-1449 are identical to those as returned by the examiner with the Notice of Allowance dated February 14, 2001 in parent application 09/338,907. Because Daniel Cohen corrected the residence and post office address information by hand, we have simply typed in that information in order to assist the Patent Office in the spelling of the city and country.

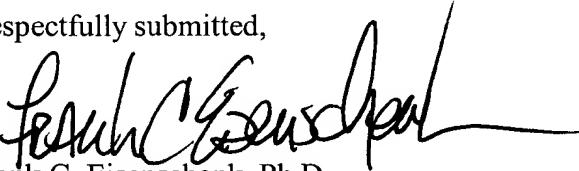

These documents were originally transmitted to the Patent Office via facsimile on December 28, 2006. However, upon receipt of the documents in PAIR and by Examiner Fredman, it was determined that the facsimile copies were not sufficiently legible. Therefore, they are being resubmitted by mail.

Applicants respectfully request that these documents be made of record in the file and that the application be forwarded, as soon as possible, for issuance of the patent.

The Commissioner is hereby authorized to charge any fees under 37 C.F.R. §§ 1.16 or 1.17 as required by this paper to Deposit Account 19-0065.

The applicants invite the Examiner to call the undersigned if clarification is needed on any of the documents, or if the Examiner believes a telephonic interview would expedite the completion of this matter and issuance of the patent.

Respectfully submitted,

Frank C. Eisenschenk, Ph.D.
